“When there is nothing and no one to help you say- 'But the Lord is my helper, this second, in my present outlook'...it does not matter what evil or wrong may be in the way, He has said-'I will never leave thee.'”

The Next Step

STAY FOCUSED, AND STAY THE COURSE

REMEMBER THE LAST TIME

you were on a roller coaster? All the excitement, anxiety and fear rolled into one? The highs, the lows, the dark unknown places? At the end of it all there's the feeling of relief, maybe even a sense of accomplishment when you are reminded, someone was in control the whole time, what was there to be afraid of?

That picture describes well what these past few months have been like for us. Changes and challenges, mostly uncomfortable, welcoming themselves into our lives. What to do but hold on for dear life? Well the one thing we shouldn't do is lose hope.

MINISTRY

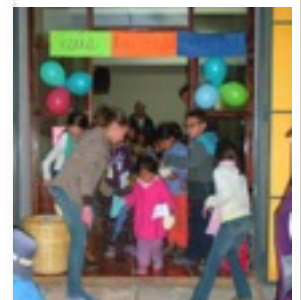

Sunday service is at 10 a.m. We have invited the neighborhood by knocking on doors and passing out fliers and over the past few months we have seen several visitors, but nothing consistent. We are confident that we are where the Lord would have us and are doing what He has called us to, now we are exploring other ways to get people through the door. Later on in the afternoons we visit Azul Wasi, an orphanage just outside the city, and bring church to them as it is hard for 15 boys to be transported.

Craft time!

BIBLE CLUB

The outreach is going strong. After months of inviting the neighborhood kids, they now know that every Saturday at 4 p.m. we are in the park. Our hope is that after time, the kids will know where the church is and will bring their parents to where they are learning about the Lord and spark an interest in the parents as well.

CAFE GRACIA

This is still the idea that we are working towards. We are making the time to find out how much start-up capital we need to get things off the ground. We plan to offer free WiFi along with drinks and some desserts to start with. Over time we'll aim to make this into a full-service café and by doing so draw in the young adults studying in the area and the families in the neighborhood as well. Through this outreach we can further build relationships with the people and use it as a means to pay for the location and further ministry.

COLEGIO PROMESA

It seems that our time at the school is finished. With fight after fight with the administration over the treatment of our children and the lack of understanding and compromise, we have decided to leave the

school. As of right now we are homeschooling and working on finding the curriculum needed to educate our children. Our hope is for younger two to be able to join the bilingual school near our home.

IN CLOSING

Our Ministry Team has seen some hard times over the past few months. We know that any time we step out to do the Lord's work we are going to experience opposition; the hard part is when it comes from within. Knowing we are not without fault and that unity is what is needed to succeed, we are striving to learn what to let go of and what to hold on to.

In the story of Lazarus' resurrection, we see how Jesus waited. He waited two more days to intervene in a situation He was perfectly capable to fix or change that instant! Too many times we look at the pain, the trial, the things that make us fret, and forget why Jesus waited, why Jesus waits even now to intervene- "but for the glory of God, that the Son of God may be glorified through it." Friends, if you are faithfully seeking Him and His will above your own, you can be confident that He is working this thing, this trial, testing, stretching, for His glory, that His name may be lifted up in your life, in the lives of those around you.

We welcome those that would like to come for short-term mission trips to see the vision that we have and the strides we have made first-hand. If you are interested, feel free to contact us for information.
